Introducing our new Steering Committee members

Each month in our newsletter, we'll feature and celebrate a valued member of our new steering committee.

This month, we're proud to introduce Lucy McClean.

Lucy is a passionate advocate and leader in the minerals industry and has been recognised internationally as one of the '100 Global Inspirational Women in Mining'.

Over her career she has been a pioneer in ESG, has had extensive experience in advocacy and is a strong supporter of women in resources, currently holding the honorary position of Chair for AWIMAR – Australian Women in Mining and Resources and in 2023 won both state and national awards for her championship of inclusion and diversity.

Beyond her professional accolades, Lucy's commitment to the Alliance stems from her belief in the power of collective action. She's passionate about driving inclusivity and innovation, and we're excited to see her contributions shape the future of the Alliance.

Stay tuned as we spotlight more incredible Steering Committee members in future editions.
